a) Variance Application – 404 E. Hwy 24/40 – Submitted by Loren Feldkamp and Tonganoxie USD 464

- Mr. Smith presented the planning report. He stated that the proposal is for two signs in the R-SF District, one on the side of the new gymnasium facing State Avenue and one facing the football field. He discussed the conditions for variance approval and how this application addresses those items.
- Mr. Morgan opened the public hearing.
- Mr. Brajkovic said that no members of the public submitted comments for or against the item.
- Mr. Morgan asked if the applicant would like to speak in regard to the project.
- Mr. Feldkamp thanked the Board for their consideration and time this evening. He said that the intent of the project is to promote pride in the school district and the beautiful new high school.
- Mr. Morgan asked if any of the Board members had any comments or concerns.
- Mr. Stoltenberg stated that he was discouraged that the applicant had not addressed comments from the from the last Planning Commission meeting regarding the materials being used and the nonconforming walls. He said that the signs are too large in an area zoned single-family residential, and he does not see any hardship to grant the variance.
- Ms. Gee and Mr. Morgan clarified that Mr. Stoltenberg was referring to his own comments from the last meeting and not those of the entire Planning Commission.
- Ms. Gee said that she thinks the signs fit well and are typical of variances granted in the past. She noted that the "Chieftain" sign would face the highway and the businesses that occupy the north side while the "T" sign would face Chieftain Park.
- Ms. Bitler agreed that the signs are appropriate for the size of the building.
- Ms. Henson agreed with Mr. Stoltenberg and asked what is the undue hardship placed upon the school district.
- Erin Merrill, the school district's representative for project construction, described the layout of the campus and said that the signs are needed to identify the gym as opposed to the main entrance.
- Robin O'Roark added that out-of-town visitors need to be able to see the sign from the highway so they know where to go.

- Mr. Stoltenberg expressed that he would still like to see the school bring the signs within compliance.
- Mr. Morgan asked the applicant if it is possible to shrink the signs enough to meet size limitations.
- Ms. O’Roark replied that it would be possible with additional work.
- Mr. Feldkamp said that he felt the signs are an appropriate size. He asked Ms. O’Roark and her associates to design signs of this scale because he feels that they will serve as wayfinding for those from out of town and demonstrate the immense school pride that Tonganoxie has.
- Mr. Stoltenberg asked about lighting for the signs.
- Ms. O’Roark replied that the "T" to the east is internally lit and the "Chieftain" sign to the north is backlit.
- Mr. Stoltenberg said that he thinks the "T" sign should be eliminated.
- Mr. Morgan asked if the Board had any additional comments and there were none.
- **Ms. Gee made a motion to approve the variance request submitted by Loren Feldkamp and Tonganoxie USD 464 for 404 E. Hwy 24/40 to allow the signs as submitted.**
- **Ms. Bitler seconded the motion.**
- **Roll call vote of 5-2 (Mr. Stoltenberg and Ms. Henson voted no), motion carried.**

Commission Members,

Over the last three and a half years it has been my honor and privilege to serve along side you all as a member of this group. I have seen many new faces join us over the years and have really enjoyed the dynamic and input all of our different perspectives have brought to the many development actions that we've evaluated. As an architect I am often on the opposite side of the room when it comes to development actions and it has been very rewarding to serve our community as a part of the Planning Commission. I know that my perspective as a design professional is very different from many of the other commissioners and believe that I have been an asset to our city and this commission.

I am requesting your support to renew my membership for another appointment to the planning commission and look forward to continuing the important work we do together. As we consider the future updates to the comprehensive plan, a revision of our signage ordinances, and other proposed development actions my experience on the commission and professional perspective will hopefully continue to be valuable to our group and to the responsible future development of our community.

We weathered the storm of Tyson, oversaw major redevelopment of downtown with the new Library, a new Casey's, and two different multi-family developments all in the last few years. Developments with the business park, the newly established rural incentive districts, and all of the efforts our city staff and council are working to bring to Tonganoxie leave me very excited about what is yet to come. I would like to continue to serve the community and this commission to the best of my ability and look forward to continuing to work with you all as we evaluate future growth opportunities for Tonganoxie.

Dear Tonganoxie Planning and Zoning Commission,

Please accept this as my letter of intent to be considered for a seat on the Tonganoxie Planning & Zoning Commission. I have lived in Tonganoxie for many years and have had the opportunity to see how both my parents serve this great city. Like my parents I too have a love for this community and believe I would be a strong addition to the commission due to my age and knowledge of the City as a whole.

As a citizen and hopefully the next appointed Planning & Zoning member, I would love nothing more than to be part of helping guide Tonganoxie into a successful future for many years to come.

Thank you for your consideration,

Jennifer McCutchen

To whom it may concern,

My name is Meagan Vestal and I am writing to express my interest in filling a position on the Tonganoxie City Planning Commission. I'd like to begin by telling you a little bit about myself. I am 34 years old and have lived in Tonganoxie since 1997. I am married to a life-long resident of Tonganoxie, Justin (Gator) Vestal. We have two sons, Conner and Sawyer, who are high school and elementary students respectively. I currently work as the Library Clerk for Tonganoxie Middle School and a Substitute Teacher for Morgan Hunter Education. Recently I graduated from Kansas City Kansas Community College with an Associate's degree in Liberal Arts and Applied Sciences and am currently enrolled in an undergraduate program at Ottawa University to complete a Bachelor's degree in English. My passions include reading, crafting, and volunteering for my community.

I am interested in joining the planning commission because I have a desire to serve my community. I currently serve as the Vice President of the Board of Trustees of the Tonganoxie Public Library, for which I have served as a board member since 2017. I have volunteered for five consecutive years as a member of the Tonganoxie Business Association's Spooktacular Committee for which it has been my great pleasure and honor to be a part of, volunteered for community member Tammie McCutchen's cleanup day at Tonganoxie High School, and for several past Tongie Days festivals in various ways including organizing a cake walk and helping organize other volunteers. Most recently I volunteered my time for Mayor David Freese's food drive during the COVID Pandemic. I feel strongly that volunteering in one's community is the best way to serve and have instilled this belief and passion in my children as well. My sons both serve on student councils, volunteer for cleanup days when the opportunity arises, and have been known to pick up trash while on walks throughout beautiful Tonganoxie.

Working for USD 464 for the past five years I have learned a great many skills and insights into working in a structured entity. I worked under the Superintendent Lyn Rantz for two years and learned a great deal from her during the building of the new Tonganoxie Elementary School. During those years, I served as the Deputy Clerk of the Board and am well versed on the legalities and innerworkings of public meetings, agendas, confidentiality, and the need for community involvement in decision making. I also learned a great deal more about planning, zoning, and construction by serving on the board of the Tonganoxie Public Library as we built the new library where I served on the new building committee. I feel my time on these boards and committees will be of great value to the Planning Commission and look forward to serving my community in this way. Thank you for your time and your consideration.

Sincerely,

Meagan Vestal

I tried to upload my letter of intent for the planning commission and it would not let me.

I am writing this letter of interest for the planning commission spot open for a county representative. I have lived in Tonganoxie for 12 years, living in county for the past 4 years. I'm interested in being on the commission because I want to play a part in how Tonganoxie grows. I think that there will be a lot of opportunities for growth in the future and am looking to volunteer my time and talents.

I appreciate your consideration and time

Thank you
