Second Reading: Ordinance 1417 – Incorporating by Reference the Uniform Public Offense Code for Kansas Cities, 2016 edition

- Ms. Shockley explained the ordinance.
- Ms. Reed moved to adopt Ordinance 1417. Mr. Truesdell seconded the motion. All ayes. Motion carried.

Consider recommendation of the Planning Commission to deny a rezone request or adopt Ordinance 1418 and Resolution 12-16-01

- Ms. Shockley reviewed the history of the project. She stated at the Planning Commission held a Public Hearing on 12/1/16. The vote to rezone ended in a 3-3 tie and their recommendation to the Council is to deny the rezone application. She stated a protest petition has been filed. A vote for the rezone must be passed by a $\frac{3}{4}$ vote of the entire governing body.
- Mr. Brewster, Gould Evans, City Planning Consultant, reviewed conditions that are included with the preliminary plat and the rezone application. He also reviewed the mandatory zoning conditions. He stated the special use permit for the RV Resort would be the next step if the rezone passes and all conditions and recommendations from the planning staff and city engineers would have to be met before a final plat is approved and filed.
- Robert Walquist, Quist Engineering, Representative for KCRV Resort, explained the rezone request was for approximately 32 acres on the north side of Hwy 24/40. The design also shows a frontage road that would connect to existing Woodfield Dr. and extend a portion of 206th St. He stated this area would provide for eight lots that could be developed for General Business uses.
- Mayor Ward stated he would hear from the audience but would like the comments to be unique to the rezone request and different from comments that were heard at the Public Hearing on 12/01/16.
- Patty Woodhead, 20441 State Ave.; David Druten, 20689 State Ave; Jim Cunningham, 20029 State Ave; Larry DeMoss, 20241 State Ave.; George Henley, 20171 State Ave.; Troy McKittrick 18604 198th St.; spoke against the project citing the following reasons and raised questions such as why was the property being rezoned as GBD and not LBD, who pays for the intersection & traffic signal at 206th St., if approved there will be an increase in traffic and safety on Hwy 24/40, is there buyers for the lots in the rezone area, existing commercial lots should be filled before adding more General Business districts, development of 206th St. as a dead end road instead of a through street to Parallel Rd and why isn't the Special Use Permit approved before approving the rezone request.
- Todd Luckman, Attorney for RWD#9; spoke in favor of the project but wanted the City to be aware of their requests to protect RWD #9 wells that are on the north side of the rezone property. Amanda Altenhofen 214 E 8th St.; Cecil Hayden, 20319 State Ave.; Zach Stoltenberg, 403 W. Washington St.; all spoke in favor of the rezone citing reasons such as economic growth for the city, increase in job market for residents, increase in development.
- Mayor Ward explained that developers come to the city with plans and it is up to the Planning Commission and Council Members to decide if the plans meet city requirements by reviewing the project to see if it meets conditions as set in the City Comprehensive Plan, Hwy 24/40 Corridor Plan and Zoning & Subdivision Regulations.
- The council members discussed the audience comments and reviewed the rezone application. Ms. Reed questioned if the rezone were approved and the special use permit failed would the property remain as GBD or would another rezone need to be initiated to return the property to R-Rural zoning. She also questioned whether we had the applications in proper order stating maybe the

special use permit and zoning application should be heard together. Mr. Gilner stated if a city is not growing in some fashion it is not good for the community. Mr. Donnelly abstained from the discussion citing conflict of interest. He stated he owns property that connects to Woodfield Dr. Mr. Oroke stated this is an opportunity for the city to grow. He stated the city needs both residential and business properties in their tax base. Mr. Truesdell stated the council and staff works hard to attract business and residential development and that commercial zoning along Hwy 24/40 has been in future planning discussions for many years.

- Mayor Ward advised the council on the next steps in the process. He advised the council they could vote to send the application back to the Planning Commission for further review and include the special use permit application with the rezone application or the council could vote to deny the rezone application. He stated if the application is denied by the council the developer would have to wait six months before filing another zoning application.
- Mr. Gilner moved to send the rezone application back to the Planning Commission for review and consideration along with the Special Use Permit application. Mr. Truesdell seconded. Roll Call Vote – Ms. Reed, yes; Mr. Gilner, yes; Mr. Donnelly, abstain; Mayor Ward, yes; Mr. Oroke, no; Mr. Truesdell, yes. 4 yes votes, 1 no vote and 1 abstain vote. Motion carried.
- Mayor Ward called for a 5 minute recess from 8:31-8:36 pm.

Office of the City Manager
AGENDA STATEMENT

DATE: January 3, 2017
To: Honorable Mayor Jason K. Ward and Members of the City Council
FROM: Jamie Shockley, Interim City Manager
SUBJECT: Charter Ordinance 27 – Moving City Elections to November

DISCUSSION:

Due to the passage of House Bill 2104 in 2015, the timing of city elections will now be in November instead of April of odd-numbered years. As a result, the City Council must adopt a charter ordinance in order to update our city code with these changes. The reason this calls for a charter ordinance is because the City has adopted the city manager form of government but has chartered out of many of the statutory provisions of the city manager plan act. Changing the code to account for the new provisions in the act and change the elections from April to November of odd years requires a new charter ordinance.

A charter ordinance, once approved by the Council, must be published once a week for two consecutive weeks in the official city newspaper. It will go into effect 61 days after the final publication unless a referendum petition is filed, in which case the Charter Ordinance shall become effective upon approval by the majority of voters.

ACTION NEEDED:

Make a motion to adopt Charter Ordinance 27 and direct staff to publish the ordinance in the Tonganoxie once per week for two consecutive weeks.

CHARTER ORDINANCE NO. 27

A CHARTER ORDINANCE EXEMPTING THE CITY OF TONGANOXIE, KANSAS, FROM THE PROVISIONS OF K.S.A. 14-103 AND K.S.A. 14-201 AND K.S.A. 14-204, RELATING TO THE ELECTION OF OFFICERS, THEIR TERMS OF OFFICE, TRANSITIONS TO NOVEMBER ELECTIONS, THE APPOINTMENT OF OFFICERS, AND NOMINATION PETITIONS; AND, PROVIDING SUBSTITUTE AND ADDITIONAL PROVISIONS ON THE SAME SUBJECT; AND REPEALING CHARTER ORDINANCE NO. 3 AND REPLACING CHAPTER 6 ARTICLE 1, SECTION 6-102 OF THE CODE OF THE CITY OF TONGANOXIE.

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF TONGANOXIE, KANSAS

Section 1. The City of Tonganoxie, Kansas, by the power vested in it by Article 12, Section 5 of the Kansas Constitution hereby elects to and does exempt itself and make inapplicable to it the provisions of (K.S.A. 14-103) and (K.S.A. 14-201 and (K.S.A. 14-204), that apply to this city, but are parts of enactments which do not apply uniformly to all cities.

Section 2. (a) The governing body shall consist of a mayor and five (5) council members to be elected to terms as set forth herein. The mayor and council members shall be residents and qualified electors of the City of Tonganoxie, Kansas.

(b) The governing body of the city may, by ordinance, divide the city into wards and precincts, establish the boundaries thereof, and number the same. Nor ordinance redefining wards and precincts shall become effective less than 30 days prior to the next regular city election.

Section 3. Those governing body positions with terms expiring in April 2017, shall expire on the second Monday in January of 2018, when the city officials elected in the November 2017 general election take office. Those governing body positions with terms expiring in April 2019, shall expire on the second Monday in January of 2020, when the city officials elected in the November 2019 general election take office.

Section 4. The mayor shall appoint, by and with the consent of the council, a municipal judge of the municipal court, city clerk, city attorney, and any other officers deemed necessary. Any officers appointed and confirmed shall hold an initial term of office of not to exceed one year and until their successors are appointed and qualified. Any officers who are reappointed shall hold their offices for a term of one year and until their successors are appointed and qualified. The council shall by ordinance specify the duties and compensation of the office holders, and by ordinance may abolish any office created by the council whenever deemed expedient.

Section 5. In accordance with K.S.A. 25-205, and amendments thereto, any person may become a candidate for city office elected by having had filed on their behalf, a nomination petition or a declaration of candidacy, accompanied by any fee required by law. The nomination petition must be signed by at _____ of the qualified electors of the City of Tonganoxie, which ever is less.

Section 6. All elections for the City of Tonganoxie, Kansas shall be nonpartisan.

Section 7. This Charter Ordinance shall be published once each week for two consecutive weeks in the official city newspaper.

Section 8. This Charter Ordinance shall take effect 61 days after the final publication unless a sufficient petition for a referendum is filed, requiring a referendum to be held on the ordinance as

provided by Article 12, Section 5, Subsection (c)(3) of the Constitution of the State of Kansas, in which case this charter Ordinance shall become effective upon approval by the majority of the electors voting thereon.

Section 9. This ordinance shall repeal any and all existing City Code provisions or Ordinances that are in effect and inconsistent herewith in the City of Tonganoxie.

Office of the City Manager
AGENDA STATEMENT

DATE: January 3, 2017
To: Honorable Mayor Jason K. Ward and Members of the City Council
FROM: Jamie Shockley, Interim City Manager
SUBJECT: Update on Water Tower Proposal

DISCUSSION:

At the last City Council meeting, Greg Ward addressed the Council during open agenda regarding a quote he received from Angell's Excavating to remove and reassemble the water standpipe that Rural Water District No. 6 offered to donate to the City of Tonganoxie. The quote is attached for the Council's review. The Council directed staff to review the proposal with the city engineer to determine if this is a feasible option for the city to address the water pressure issues in the northwest portion of the city.

The proposal was provided to city engineer Brian Kingsley, who had several concerns that would need to be looked at in more detail if the City Council wants to explore this proposal further. Mr. Kingsley's first concern is that a standpipe would not be a good solution for the water pressure issues in this area because only about 30-35% of a standpipe is useable for water pressure issues. The best solution would be an elevated bowl water tower or a ground storage tank, which is much more economical than an elevated tower and easier to maintain. Mr. Kingsley also has concerns that while the standpipe may slightly improve water pressure in the area, he does not believe it will be a feasible solution for fire suppression issues. He also added that any water tower, standpipe, or ground storage tank is still going to require a booster pump in the area, which was quoted at a price of approximately \$150,000, not including easement acquisition and utility relocation costs.

In order to truly determine the feasibility of this proposal, BG Consultants would need to evaluate the standpipe capacity that is being proposed compared to the capacity of a new elevated tower, as well as the standpipe's ability to address fire suppression needs in the area. He would also recommend the Council explore the benefits of a ground storage tank versus an elevated storage tank. In order to conduct this analysis, the City would need to direct city staff to engage the city engineer to study the proposal further and provide a report to the City Council with recommended solutions.

BUDGET IMPACT:

The cost of this study is not anticipated in the 2017 budget; however, it could be charged to the engineering services budget in the General Fund or Water Operations Fund if the Council perceives it as an urgent priority.

ACTION NEEDED:

Consider engaging BG Consultants to conduct an analysis of the city's water pressure needs in the northwest portion of the city and make a recommendation regarding the best solution to address these needs.

Removal, and re assembly of the water tower donated by Water dist. 6

Prior to any work being done the tower will be inspected to ensure the lifting lugs are in good condition.

The tower will be cut loose from the foundation and rigged up for transport. All old foundation will be removed and disposed of along with the back flow, and valve box pit. A new footing will be dug and poured at a location at the top of Hatchell road. Water stubs will be installed five foot outside the footing, and valve installed for future tie in. The tower will then be moved to its new location where it will be prepped, and painted. The tower will then be placed on the new footing, and secured. Before any water is supplied to the tower it will be pressure washed, and chlorinated.

FROM: Jack Holcom, Fire Chief
SUBJECT: Escrow Agreement with LVCO Port Authority and LVCO Commission

DISCUSSION:

The inter-local agreement with the Leavenworth County Port Authority and County Commission relating to improvements to the Tonganoxie industrial park calls for the creation of an escrow agreement to have an escrow agent manage the bond funds that will be issued by Leavenworth County for this project. The escrow agent will also be responsible for making payment to contractors, engineers, etc. when they receive a written request from the Port Authority documenting that the amount has been paid or is due. The proposed agreement is attached for the Council's review. The bank that will serve as the escrow agent has not yet been determined. The Port Authority is currently sending proposals to area banks for response.

BUDGET IMPACT:

None.

RECOMMENDATION:

Make a motion to authorize the interim city manager to execute the escrow agreement.

Office of the Fire Chief
AGENDA STATEMENT

DATE: January 3, 2017
To: Honorable Mayor Jason K. Ward and Members of the City Council
FROM: Jack Holcom, Fire Chief
SUBJECT: Request to Sell Fire Engine 662

DISCUSSION:

The Tonganoxie Fire Department has been offered \$100,000 to sell our Engine 662 - 2007 International/Toyne fire engine. The offer comes from Brindlee Mountain Fire Apparatus, LLC in Union Grove, Alabama.

TFD currently has 5 fire apparatuses:

- Engine 661 - 2006 Spartan/Toyne Fire Engine (the city's main response unit)
- Quint 6 - 1996 International 75' Aerial
- Engine 667 – 2010 Ford Grass/Wildland Firefighting Unit
- Engine 664 – 2004 Ford Quick Attack/Wildland Firefighting Unit
- Engine 662 – 2007 International/Toyne Fire Engine (used only for rural responses)

Engine 662 has only been used to respond to 10 calls in 2016, and it is a non-essential part of the TFD's fleet. Additionally, the resale value on this engine is quickly depreciating. Over \$5,000 was spent in 2016 for maintenance and repairs on this engine, alone. Due to the issues the department has experience with Engine 662, TFD has changed our procedures and use Engine 661 to respond to all emergency calls, in city and rural areas, except for wildland fires. The backup reserve unity is now Quint 6 if Engine 661 is out of service for repairs.

TFD's apparatus replacement plan calls for the replacement of Engine 664 as soon as possible, as well as a replacement for Fire Engine 661 in the 2018 budget, if approved by the City Council.

BUDGET IMPACT:

The sale of Engine 662 will allow the TFD to utilize the \$100,000 in proceeds plus \$10,000 to \$12,000 in trade-in value to move forward with the future replacement of our twelve-year old Engine 664. The sale proceeds and trade-in value will cover almost the entire cost of a new quick attack/wildland unit. Any additional cost could be absorbed in the Fire Department's operating budget, either through debt payments or by using cash reserves in the equipment fund. The sale of 662 will also save TFD from any further maintenance, repair, and/or certification testing expenditures on this apparatus.

RECOMMENDATION:

It is the recommendation of the Fire Department's Command Staff that the City Council approve the sale of Engine 662 to Brindlee Mountain Fire Apparatus in the amount of \$100,000. The sale is conditioned upon completion by the end of January 2017, few additional miles or hours on the apparatus are incurred, and that the unit passes all NFPA and DOT certification tests.

Office of the City Manager
AGENDA STATEMENT

DATE: January 3, 2017
To: Honorable Mayor Jason K. Ward and Members of the City Council
FROM: Jamie Shockley, Interim City Manager
SUBJECT: 2017 Festival Budget

DISCUSSION:

At the last City Council meeting, the council voted 3-2 to fund two festivals in 2017, with a city contribution in the amount of \$35,000, to be paid from the General Fund cash reserves. In reviewing the 2017 general fund budget, city staff has determined that \$10,000 could be taken from the money that was allocated specifically for city festivals, and the remaining portion would need to come from the General Fund's contingency/cash reserves. The following chart shows the estimated budget per event. The total cost to host two events is estimated to cost \$70,000.

2017 Budget - Per Event			
Revenues		Expenditures	
Sponsorships	\$ 12,000	Music Entertainment	\$ 15,000
Beer Sales	\$ 4,000	Sales Tax	\$ 1,000
Donations	\$ 1,500	Marketing	\$ 3,500
		Bathrooms	\$ 1,500
		Electricity	\$ 2,000
		Kid's Activities	\$ 4,000
		Beer	\$ 4,000
		Supplies	\$ 4,000
Total	\$ 17,500		\$ 35,000

ACTION NEEDED:

Taking the money from the contingency in the General Fund budget does not need a formal budget amendment and public hearing because it will not change the total budget number the city submitted to the State of Kansas. The Council does, however, need to make a motion to amend the operating budget in the General Fund by increasing the festival budget from \$10,000 to \$35,000 and reducing the contingency budget by \$25,000.

DATE: August 25, 2016
To: Honorable Mayor Jason K. Ward and Members of the City Council
SUBJECT: 2017 Adopted Budget

The Adopted Budget for 2017 anticipates total expenditures of \$7,234,768. This is a planned increase of \$529,459 or 7.9% from the 2016 Adopted Budget and \$248,690 or 3.6% less than actual expenditures at the close of 2015. Moreover, the 2017 Budget is structurally balanced.

Prominent changes from the prior 2016 Budget include plans for funding equipment, software systems, personnel market pay adjustments, quality control testing, improvements to water supply plant and water towers while planning for increases in probation services, health insurance, workers compensation, and debt service. Planned debt payments collectively will increase slightly from 2016 and will continue to be paid by the three-quarter percent city sales tax, the one-percent county sales tax, property taxes, and the motor vehicle tax.

Since the preparation of the 2015 Budget, the city council has committed to its financial plan for a strong credit rating, which primarily targets improvements to cash reserves, and this 2017 Budget continues that commitment. Merit raises for employees are fully funded. There is an addition of two FTEs in the police department – including a new School Resource Officer and an additional Police Officer position. The SRO position is to be paid with grant funding, and the police officer position will be replacing the police department's part-time reserve officer budget. Council members also agreed to continue the policy of replacing one police patrol vehicle each year.

In FY 2017, the General Fund plans to reserve at least 15% of annual revenues in its fund balance to reinforce a strong credit rating.

DIVISION OF RESPONSIBILITIES

The City of Tonganoxie is organized by a council-manager form of government. Five city council members plus a mayor are elected at large. The city council members serve during two public meetings per month and vote on matters of policy. The mayor is the chair of public meetings and represents the governing body publicly. The mayor may only vote to break a tie.

The executive team is comprised of the city manager and five department directors. The city manager provides professional leadership over all municipal services, advises city council on policy and public processes, ensures prudent fiscal management, and promotes good relations with the public and media.

In the following pages are budget allocations by department with the respective funds that support them. The Public Works Department includes all streets and traffic maintenance, water supply, and wastewater treatment. The Police Department provides patrol, investigations, and student resourcing in the school district. The Fire Department provides fire suppression, investigations, and inspections. The Water Park is a state-of-the-art, zero-point-entry facility with secure lockers, bath houses, concessions, and a super slide while hosting public swimming, private lessons, and tournaments. The Administration Department resides in

city hall and delivers internal support to the other departments, provides staffing to the municipal court, manages finances, coordinates human resources, processes utility billing, responds to calls from the public, and manages public records.

A portion equal to 5.95 mills of the tax levy is collected and passed on to the Tonganoxie Library for operations and 1.601 mills for library employee benefits. While both the revenues and expenditures appear on the municipal ledger, the city council exercises no authority over the library’s budget or operations. An independent board determines policy for the library and hires the library director, who manages the budget.

BURDEN ON THE TAX PAYER

With the adoption of the FY 2017 Budget, the municipal tax levy is planned to go up slightly due to an increase in the tax levy for the library employee benefits fund. While considering a variety of expensive improvements to services and facilities, the city council committed to modest budget adjustments that would not raise property taxes, other than the adjustment needed to the library employee benefits fund. Table 1 below shows the current taxation on residential property owners. Commercial properties are taxed at slightly more than twice the rate of residential properties.

Property Value	Monthly Cost	Annual Cost
\$200,000	\$85.94	\$1,031.32
\$150,000	\$64.46	\$773.49
\$100,000	\$42.97	\$515.66

The overall assessed valuation of Tonganoxie is \$36,612,087, which is 3% increase from the final assessed valuation received in 2015.

Per direction by the City Council, the 2017 Budget plans for no increase in the rate for water and sewer utilities. Utility customers will pay amounts compared to Table 3 below.

Usage	2016 Charge	2017 Charge
Minimum User	\$57.92 per month	\$57.92 per month
4,000 Gallons User	\$87.92 per month	\$87.92 per month

This 2017 Budget maintains the debt fee on utility bills and remains \$11.50 per month, as well as the \$3.00 per month special assessment for fire department services. Basic living costs in Tonganoxie remain regionally competitive, which supports the commitment of the city council to maintain an affordable cost of living and preserve Tonganoxie’s attractiveness to home buyers and new business investors.

ECONOMICS

The regional average consumer price index, from January 2015 to January 2016, increased by 0.7 percent as reported by the Federal Department of Labor, Bureau of Labor Statistics, and is the second smallest gain since semi-annual reporting began in 1984. Food prices rose 0.8 percent. Energy prices declined 8.5 percent. Shelter costs advanced 1.9 percent. Prices for recreation and other goods and services rose 0.7 and 0.4 percent, respectively, over the year. In contrast, the index for motor fuel declined 17.3 percent first half of 2015 to the first half of 2016.

With the city sales tax revenues also projected to remain flat, both the sales tax and ad valorem tax levy have struggled to bare the demands of some increasing costs. As examples, key fixed costs that are budgeted to increase in 2017 are health insurance premiums, workers compensation, retirement contributions, software licensing, and construction supplies.

With recent commitments, new traction is growing to encourage more businesses to take a second look at Tonganoxie as a place to invest. Others might be encouraged by business investment and buy a home in town. We are seeing beginning signs that new activity may promise a broader tax base and financial improvement for FY 2017.

GENERAL MUNICIPAL SERVICES

A fundamental framework of local government services provides 1) infrastructure 2) safety 3) regulation and 4) promotion. These essentials are the subject of debate by elected representatives and most often generate the question, “How much?” with respect to each category. The FY 2017 Budget is the result of that public discussion in Tonganoxie.

The resources that support general municipal services include the ad valorem tax, sales tax, use tax, franchise fee, application fee, permit fee, court fine, water park user fee, water supply service charge, and wastewater service charge.

The funds that support general municipal services are subdivided by the departments that provide them. The divisions of work are listed as follows.

Fund Name	Department Name	Service
General	Public Works	Streets and Traffic
General	Police	Law Enforcement
General	Police/Administration	Codes Compliance
General	Fire	Fire Suppression
General	Fire	Emergency Medical Response
General/Water	Administration	Finance and Billing
General	Administration	Municipal Court
General	Water Park	Water Recreation
Water Operations	Public Works	Water Treatment and Supply
Sewer Operations	Public Works	Wastewater Treatment and Removal
Special Parks	Public Works	Parks Maintenance

As always, staff will remain closely attentive to financial progress through the year and adapt spending to provide high-quality services within the available resources. Management continually works toward the goals of providing services that effectively respond to public values and efficiently managing resources to maximize each tax dollar.

DEBT

During the rapid expansion years from 2000 through 2009, the city council carefully considered the pending need to prepare the community to welcome new development and enhance the quality of life. Capacity and redundancy were limited in water supply and wastewater treatment services. Bond issuances for both services provided the opportunity to double the capacity. Other bond issuances added a new downtown streetscape, a public works facility, and the Tonganoxie Water Park. Because of these significant improvements and others, the community is prepared to attract and serve new businesses and residents.

Planned debt service payments in Fiscal Year 2017 comprise 27% of all expenditures. The 2017 Budget distinguishes three types of debt obligations: bonded debt, inter-local obligations, and lease-purchase payments.

The primary fund to service bonded debt is the Debt, Bond, and Interest Fund, and its sole revenue source is the property (ad valorem) tax levy in an amount equal to 9.400 mills. This amount is supplemented by dedicated municipal sales tax for the Water Park debt, county sales tax, and the motor vehicle fuel excise tax.

An inter-local agreement with Leavenworth County obligates the City of Tonganoxie in the amount of \$100,000 per year for ten percent of the repayment of the construction costs of County Road 1, which is located north of the turnpike exit at Interstate Highway 70 to US 24-40 Highway. The sole revenue source for this debt payment has been the county sales tax. In 2019, the agreement requires a final payment of \$500,000, and the City Council set aside an additional \$150,000 in the Capital Projects Fund in 2017 to prepare for that payment.

Further detail of individual debt service may be found on the Debt Service page in the budget pages and also in Attachment D.

CAPITAL

While the city council has provided prioritization on a list of capital improvements, at this time, limited funding is available to allocate. Using matching state and federal grants would typically cost the City approximately 30.0% of total project cost. Estimated available revenue in Fiscal Year 2017 is approximately \$50,000 from the **Capital Projects Fund**. The primary revenue source for new capital improvements has been the county sales tax, which is wholly deposited in the Capital Projects Fund. The City's current ¾ cent special sales tax that was used to pay for the water park debt payments will expire in 2017. The City Council may wish to seek to renew that tax to pay for some of the city's capital improvement needs.

A separate Capital Reserve Fund is also available for this type of expenditure, but it has no regular revenue source and completely depends on special receipts and transfers from other funds.

Street maintenance has mostly been funded by the motor fuel excise tax and the construction excise tax, which are wholly deposited in the **Special Highway Fund**. Given the decline in development projects in recent years, very little construction excise tax has been collected. Thus, funding for annual street repairs has been mostly limited to only what the motor fuel tax can support. In the Special Highway Fund, the FY 2017 Budget appropriates \$122,423 for annual street repair projects.

The **Fire Capital Reserve Fund** receives revenue from a \$3.00 surcharge on utility bills and has historically been devoted to equipment for the Fire Department. In 2016, this fund paid for grass fire response equipment, vehicles, and personal protective equipment. In addition, this fund allowed for the purchase of a new grass fire suppression pump and sprayer.

The **Police Capital Reserve Fund** receives \$10.00 from every conviction in municipal court, which is an amount that is part of normal court fines. In addition, forfeitures and the sale of equipment generate occasional revenue. Expenditures typically pay for specialized police equipment and arms.

Whenever there may be financial capacity and political will, the **General Fund** can be another source for capital expenditures. The city council committed \$34,500 for facilities in 2017 to renovate the City Council Chambers.

The **Water Capital Reserve Fund** receives the water tap fee as its revenue source and relies on transfers from the Water Operations Fund. Expenditures typically have paid for water main line repairs and maintenance of the water supply plant.

The **Sewer Capital Reserve Fund** receives the sewer tap fee as its revenue source and relies on transfers from the Sewer Operations Fund. Expenditures typically have paid for sewer main repairs, maintenance of the wastewater treatment plant, and infiltration relief. The 2017 Budget appropriates \$160,000 for utility maintenance, including sewer main slip lining and cleaning, and \$60,000 for sewer line extensions to the industrial park.

Further detail may be found on the Capital page in the budget pages that follow.

CONTINUED COMMITMENTS

The FY 2017 Budget contemplates no new programs or partnerships. However, the city council remains committed to historical pledges, such as the following:

Chamber of Commerce	\$ 5,000
Leavenworth County Development Corporation	7,559
League of Kansas Municipalities	2,700
Community Events	<u>10,000</u>
	\$ 25,259

ANALYSIS OF OPERATIONS

The electrical controls for the water supply plant are very old and demand significant electricity. In present condition, the water supply mechanical system works as designed and has caused no critical concern about performance. However, the controls are obsolete and cause some inefficiency. Staff has been researching options to replace these controls with electronic ones. This replacement would regulate electrical consumption more efficiently, and the electrical cost savings should more than pay for the purchase.

With the implementation of the Affordable Health Care Act, insurance advisors find it very difficult to determine the projected impact, if any, on health insurance premiums. The 2017 Budget adds 12.0% to current appropriation as a buffer for the unknown.

The City of Tonganoxie does not participate in a high-risk pension plan for police and fire personnel, while most neighboring jurisdictions do. The unique plan is designed in recognition of the physically demanding nature of public safety and the need to recruit and retain youthful personnel. Public safety personnel of the City of Tonganoxie participate in the Kansas Public Employee Retirement System (KPERs) along with all other full-time employees.

Within two years, the Fire Department will need to replace fire hose and other expensive fire suppression equipment. Some items can qualify for grants, and staff will pursue as many grant options as available. Debt service on fire radios and vehicles will end in FY 2017, which will increase financial capacity in the Fire Equipment Reserve Fund in FY 2018.

The 2017 budget puts the City of Tonganoxie in a position to help future budgets plan for the long term for operations, capital, and debt retirement. Planned reserves have strengthened the City's credit rating, enhanced capacity to qualify for financing, leveraged grant opportunities, and provide a contingency for emergencies.

Training is a central tool for developing personnel, the City's greatest expenditure. Some funding has been allocated for essential training, such as police and fire academies, water supply and sewer certifications, and continuing education for managers. Staff actively seeks low-cost and no-cost options for additional training. A well trained workforce serves the community most effectively.

THIS BUDGET BOOK

The following budget pages report anticipated revenues and expenditures net of inter-fund transfers. For gross reporting that includes inter-fund transfers, refer to Attachment E.

The Fiscal Year 2017 Adopted Budget is prepared to provide financial stability, affirm the delivery of services, satisfy planned debt obligations, and anticipate the subsequent fiscal year. The sequence of budget information is shown from the most general in the budget pages to detail in the attachments. Information is reported by how municipal service is delivered, which is through its employees. Only debt and capital are separated from the department because of their unique, complex, and large financial composition. Both are managed by the Administration Department.

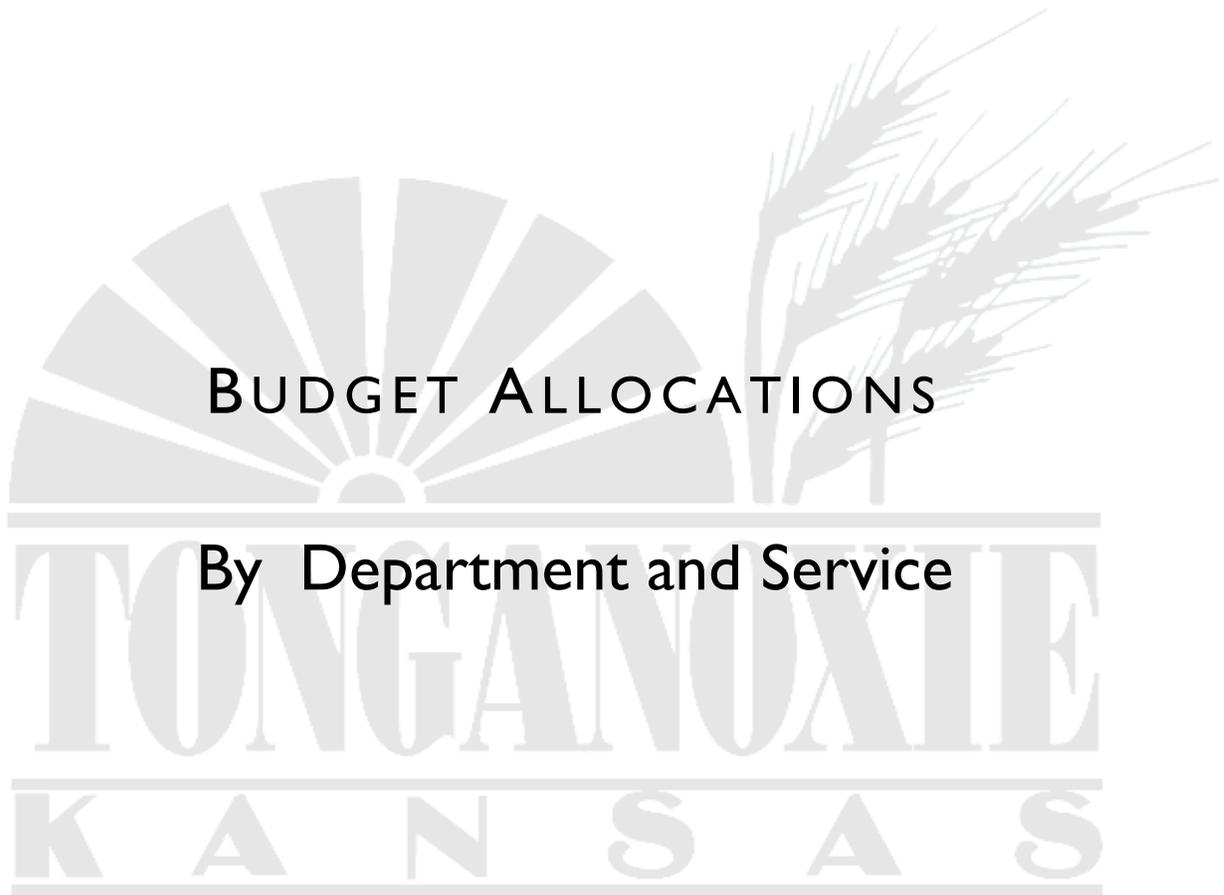

Thank you for the continued honor of serving the citizens of Tonganoxie.

Respectfully submitted,
